# Food Industry Group

The Food Industry Group is engaged in businesses that deliver food-related products to consumers all over the world. Our operations cover food resources, fresh foods, consumer products, food ingredients and other products. We are active in every link of the supply chain, from the production and sourcing of raw materials to the manufacturing of finished products.

Our mission is to deliver a stable supply of goods and services that meet the needs of consumers and provide them with a quality of life that is both rich and full of variety. We are also actively working to provide solutions to an array of social and environmental issues across our supply chains. In addition, by undertaking businesses that prioritize consumer safety and security, we provide the kind of value that is sought by society.

We are firmly committed to realizing a stable and sustainable supply model by laterally developing quality products and services in markets across the globe, creating new growth opportunities, flexibly responding to economic and industrial changes, and becoming an increasingly competitive player in the foods sector.
