

## Supplementary Explanation

### Internal Controls Over Financial Reporting in Japan

The Financial Instruments and Exchange Act in Japan (“the Act”) requires the management of Japanese public companies to annually evaluate whether internal controls over financial reporting (“ICFR”) are effective as of each fiscal year-end and to disclose the assessment to investors in “Management Internal Control Report.” The Act also requires that the independent auditors of the financial statements of these companies report on management’s assessment of the effectiveness of ICFR in an Independent Auditors’ Report (“indirect reporting”). Under the Act, these reports are required for fiscal years beginning on or after April 1, 2008.

We have thus evaluated our internal controls over financial reporting as of March 31, 2010 in accordance with “The Standards and Practice Standards for Management Assessment and Audit of Internal Control Over Financial Reporting” published by the Business Accounting Council.

As a result of conducting an evaluation of internal controls over financial reporting in the fiscal year ended March 31, 2010, we concluded that our internal control system over financial reporting as of March 31, 2010 was effective and reported such in the Management Internal Control Report.

Our Independent Auditors, Deloitte Touche Tohmatsu LLC, performed an audit of the Management Internal Control Report under the Act.

An English translation of the Management Internal Control Report and the Independent Auditors’ Report filed under the Act is attached on the following pages.
