Agricultural Materials, Grains & Oilseeds (Brazil)

## Agrex do Brasil

**A Brazilian Office that Procures Grains**

Based in Brazil, one of the world's leading producers of foodstuffs, Agrex do Brasil Ltda. is involved in the procurement and sales of grains such as soybeans and corn, as well as sales of agricultural inputs (including fertilizer, chemicals, and seeds) and grain production. After taking part in its management in 2012, MC wholly subsidized this company in 2019.

Agrex do Brasil contributes to the stable procurement and supply of grains in the northern and central-western parts of Brazil, a country whose importance as a supplier of foodstuffs is expected to grow even further.

Food Materials Business (Singapore)

## Olam Group

**A Global Leader in the Food & Agri-business**

Olam Group Limited operates in over 60 countries around the world and holds a world-class market share in various categories such as coffee, cocoa, grains and edible nuts. It has built an integrated supply chain that includes farming, trading, raw material processing, product manufacturing and a global sourcing network of an estimated five million farmers. Olam sells raw materials and products to more than 20,000 client companies and has established a business model that puts sustainability at the heart of its operations as it strives to resolve environmental and societal challenges by working together with farmers around the world. MC concluded a business alliance agreement with Olam in 2015 and established MC Agri Alliance Ltd. as a joint venture company for selling food ingredients in Japan.
