**Tree-planting News**

In the year ended March 2012, MC launched a global environmental preservation and improvement program designed to create abundant and rich forests together with shareholders. Under this program, for every shareholder who consents to receive materials such as Notice of Ordinary General Meeting of Shareholders and investors' notes via e-mail, rather than by post, MC will plant 1 tree per person every 6 months in Malaysia. In the first half of the year ended March 2019, 18,398 shareholders participated in this program. We have planted a total of 334,083 trees to date.

**Production Site of MC's Shale Gas Development Business in Canada**

This is a shale gas development business that MC is pursuing in British Columbia, Canada, in corporation with Encana, the country's largest natural gas producer. Part of the natural gas produced in this business will be supplied as feed gas for "LNG Canada Project." (Please see P10 for details about this Project.)
