## Reference Documents

### Details of Each Proposal

#### < Company Proposals >

Proposal No.1 to No.4 are proposed by the Company.

#### ***Proposal No 1. To Approve the Proposed Appropriation of Surplus***

The proposed appropriation of surplus for the fiscal year ended March 31, 2025 is as follows.

Under “Midterm Corporate Strategy 2024”, which covers the period from the fiscal year ended March 31, 2023, to the fiscal year ending March 31, 2025, MC had adopted a progressive dividend policy that aims to increase dividends in tandem with sustainable profit growth. In consideration of consolidated business results and other factors, the Board of Directors proposes the year-end dividend of ¥50 per common share. As a result, total dividends for the fiscal year ended March 31, 2025, including the interim dividend of ¥50 per common share, will be increased by ¥30 from the previous fiscal year to become ¥100 per common share.

#### 1. Year-end dividends

##### (1) Dividends to be paid

Cash

##### (2) Allotment of dividend assets for shareholders and total amount

¥50 per common share of the Company

Total amount: ¥199,883,342,750

##### (3) Effective date of payment of surplus available for dividends

June 23, 2025

■ Transition of dividend per common share

\*1: Adjusted taking into account the effect of the 3-for-1 stock split of common shares effective January 1, 2024 (rounded to the nearest whole number).

\*2: Subject to the approval of this Proposal as originally proposed.

***Proposal No 2. To Elect 10 Directors (excluding Directors who are Audit & Supervisory Committee Members)***

The term of all 10 Directors (excluding Audit & Supervisory Committee Members/the same applies below in this Proposal) will expire at the close of this Ordinary General Meeting of Shareholders.

Accordingly, the Board proposes the following 10 candidates for election as Directors as detailed on the following. Of the 10 candidates, 4 are candidates for Outside Directors. All such candidates meet the requirements of an Independent Director, as specified by the Tokyo Stock Exchange, Inc., as well as “Independence Criteria” specified by MC, and have been registered as Independent Directors with the Tokyo Stock Exchange, Inc.

(Note) MC’s Standards for Independent Directors

To make a judgment of independence, MC checks if the person concerned meets the conditions for Independence Criteria prescribed by the Tokyo Stock Exchange, Inc., and whether the person concerned is currently any of the following items (1) to (7) and whether they have been at any time in the past 3 fiscal years. If a person is still judged by MC to be effectively independent despite one or more of the below items (1) to (7) applying, MC will explain and disclose the reason for their appointment as an Independent Director.

(1) A major shareholder of MC (a person or entity directly or indirectly holding 10% or more of the voting rights), or a Member of Business Personnel [\*1] of such shareholder.

(2) A Member of Business Personnel of a creditor of MC exceeding the threshold set by Mitsubishi Corporation [\*2].

(3) A Member of Business Personnel of a supplier or a customer of MC exceeding the threshold set by MC [\*3].

(4) A provider of professional services, such as a consultant, lawyer, or certified public accountant, receiving cash or other financial benefits from MC, other than Directors’ remuneration, where the amount exceeds ¥10 million per fiscal year.

(5) A representative or partner of MC’s Independent Auditor.

(6) A person belonging to an organization that has received donations exceeding a certain amount [\*4] from MC.

(7) A person who has been served as an Outside Director and/or an Outside Audit & Supervisory Board Member of MC for more than 8 years.

\*1 A “Member of Business Personnel” in this MC’s Standards for Independent Directors refers to a managing director, corporate officer, Executive Officer, or other employee of a company.

\*2 “Creditors exceeding the threshold set by MC” refer to creditors to whom MC owes an amount exceeding 2% of MC’s consolidated total assets.

\*3 “Suppliers or customers exceeding the threshold” set by MC refer to suppliers or customers whose transaction amount with MC exceed 2% of MC’s consolidated revenues.

\*4 “Donations exceeding a certain amount” refer to donations of more than ¥20 million per fiscal year.

**Opinion of the Audit & Supervisory Committee on this Proposal**

The Audit & Supervisory Committee has reviewed the deliberations of the Corporate Governance and Nomination Committee and the Board of Directors regarding this Proposal in light of MC’s Corporate Governance Principles and other relevant factors, and has concluded that there are no matters regarding this Proposal that should be presented to the General Meeting of Shareholders in accordance with the provisions of the Companies Act.

3. The name recorded in the family register of Ms. Mari Sagiya is Ms. Mari Itaya.
4. MC has concluded agreements with Messrs. Takehiko Kakiuchi, Shunichi Miyanaga, Sakie Akiyama, Mari Sagiya and Mari Kogiso limiting their liability according to Article 423, Paragraph 1 of the Companies Act. According to the agreements, the maximum liability of each is the minimum amount stipulated under Article 425, Paragraph 1 of the Companies Act. Upon the approval of this Proposal as originally proposed, MC will extend agreements limiting their liability with the above-mentioned 5 individuals.
5. MC has executed agreements with Messrs. Takehiko Kakiuchi, Katsuya Nakanishi, Kotaro Tsukamoto, Yutaka Kashiwagi, Yuzo Nouchi, Yoshiyuki Nojima, Shunichi Miyanaga, Sakie Akiyama, Mari Sagiya and Mari Kogiso stipulating that MC shall, to the extent admitted by laws and regulations, indemnify them from types of expenses and damage stipulated in Article 430-2, Paragraph 1, Item 1 and 2 of the Companies Act, respectively. Upon approvals of this Proposal as originally proposed, MC will extend agreements with the above-mentioned 10 individuals.
6. MC has concluded a Directors and Officers (D&O) Liability Insurance Agreement that designates its Directors as insured persons and it is scheduled to be renewed in August 2025. This agreement is designed to indemnify these individuals against damages that may arise while pursuing their official responsibilities or that may result from personal lawsuits brought against them seeking compensation on the grounds of such responsibilities. Relevant insurance premiums are paid solely by the Company. In addition, this agreement precludes indemnification against damages attributable to intentional misconduct including decisions made knowingly of illegality and so forth.

**Message from the candidate for appointment as Outside Director**

Amid growing global division and conflict, energy and other resource security concerns are beginning to impact national decarbonization policies. Competition is intensifying among nations and companies in areas such as semiconductor technology related to digitization and generative AI. In order to respond flexibly and appropriately to these historical changes, I will leverage the knowledge I gained from leading a global, diverse manufacturing company to advise and supervise MC's management and talent development strategies.

Appointment Policy	Directors (excluding Directors who are Audit & Supervisory Committee members)	Directors who are Audit & Supervisory Committee Members
	Based on the roles and responsibilities set forth above, and in accordance with the following policy, overall character will be considered during the appointment process.	
	In-house Directors	Full-time Audit & Supervisory Committee Members
	In addition to the Chairman of the Board of Directors and the President, who serves as the Chief Executive Officer in charge of business execution, In-house Directors are appointed from among the Executive Officers (Senior Executive Vice Presidents and Executive Vice Presidents) in charge of companywide management.	Appointed from among persons with knowledge and experience in companywide management, finance, accounting, legal affairs, risk management, and other areas.
	Outside Directors	Outside Audit & Supervisory Committee Members
1. Outside Directors are appointed from those who possess a practical perspective based on experience as a corporate executive and those who possess an objective and professional perspective with a deep insight on global dynamics and socio-economic trends.		1. Appointed from among persons with diverse and abundant knowledge and experience in corporate management and expertise that contribute to auditing and oversight.
2. To enable Outside Directors to fulfill their appointed task, attention is given to maintain their independency*; individuals not ensuring this independency will not be appointed as Outside Directors.		
3. MC's operations span a broad range of business domains; hence there may be cases of conflict of interest stemming from business relationships with firms home to a corporate executive appointed as an Outside Director. MC appropriately copes with this potential issue by preserving a variety of viewpoints through the appointment of numerous Outside Directors.		

Appointment Process	Directors (excluding Directors who are Audit & Supervisory Committee members)	Directors who are Audit & Supervisory Committee Members
	Based on the above appointment policy, the President & CEO shall prepare a proposal for the election of candidates for Directors (excluding Directors who are Audit & Supervisory Committee Members), which shall be deliberated by the Corporate Governance and Nomination Committee, and shall be submitted to the General Meeting of Shareholders after being resolved by the Board of Directors as a proposal for the election of Directors (excluding Directors who are Audit & Supervisory Committee Members).	The President & CEO, in consultation with Full-time Audit & Supervisory Committee Members, based on the above appointment policy, prepares a proposal for the appointment of candidates for Directors who are Audit & Supervisory Committee Members. After deliberation by the Corporate Governance and Nomination Committee, and with the consent of the Audit & Supervisory Committee, a proposal for the election of candidates for Directors who are Audit & Supervisory Committee Members shall be resolved by the Board of Directors and submitted to the General Meeting of Shareholders.

## Skills Matrix of Directors

Directors are appointed based on their experience, knowledge, and overall character. As members of the Board of Directors, these individuals deliberate on important management issues from various perspectives to ensure appropriate decision-making and robust management supervision. The areas of experience and knowledge that are important for MC's Board of Directors are established based on Corporate Strategy 2027 and dialogues with stakeholders. The matrix on the next page outlines the experience and knowledge of each Director.

Note: The matrix does not represent all the experience and knowledge of the Directors.

The experience and knowledge that MC expects of each Director is based on (i) his / her past professional experience, (ii) his / her current position, and (iii) his / her qualifications, as shown on the next page.

The matrix shows the Directors expected to be in office after the approvals of Proposal No.2 as originally proposed.

Skill Area		Reasons for Adoption
Basic Items	Business Management / Organizational Management	MC's Board of Directors must deliberate and make comprehensive decisions from an organizational management perspective. As such, experience in business management or organizational management that is not skewed toward any individual specialty, as well as knowledge of corporate governance based on such experience, have been designated as necessary skill areas.
	Risk Management	<p>In order to grow MC, it is important to establish and operate internal controls that comply with laws and regulations and the Articles of Incorporation, and to increase corporate value through appropriate and efficient business execution, as well as to manage various risks related to MC's business. This requires, a wide range of experience and knowledge covering all aspects of risk management. This includes the following specialties, which are indicated in parentheses for the appropriate person(s).</p> <ul style="list-style-type: none"> <li>• (Legal) Management of overall corporate legal affairs</li> <li>• (Financial and Accounting) Management of overall financial affairs and accounting</li> </ul>
Management Strategy	Energy	MC is taking on the challenge of achieving both a stable supply of energy and resources and the decarbonization of social and economic activities. This requires the relevant experience and knowledge related to energy to monitor the progress of these efforts.
	Technology / Innovation	MC views AI-driven market disruption as both risk and an opportunity and aims to the efficiency of existing businesses and create new value. This requires the relevant experience and knowledge related to technology and innovation to monitor the progress of these efforts.
	Global Market Intelligence	MC operates globally and reflects intelligence on geopolitics, economic conditions, and policy trends into its management strategies in a timely manner to lead growth. This requires the relevant experience and knowledge related to global market issues.
	Talent Management Strategy	MC's most valuable asset is talent and, it is essential to continue developing a top-tier and diverse talent base. This requires the relevant experience and knowledge in talent management strategies. This includes strategies related to organizational structure and organization.
	Environment and Society	MC defines material issues as important social issues to be solved through business activities and aims to realize a carbon-neutral society and enhancing both material and spiritual well-being. This requires the relevant experience and knowledge in environmental and social matters.

<b>Message from the Outside Audit &amp; Supervisory Committee Member</b> Although FY2024 was MC's inaugural year as a company with an audit & supervisory committee, the transition to the new corporate governance system has gone smoothly. Recent heightened geopolitical risks, accompanied by the uncertain and rapidly changing business environment, make it essential that MC, which operates a wide variety of businesses on a global scale, makes prudent and, in some cases, bold decisions. Under such circumstances, I intend to further my efforts as a member of the Audit & Supervisory Committee to gather information both internally and externally to ensure timely and appropriate decision-making.

***Proposal No 3. To Determine the Amount of Remuneration for Eligible Directors (excluding Directors who are Audit & Supervisory Committee Members)***

MC remunerates its Directors with base salary, annual deferral for retirement remuneration, individual performance-linked remuneration, performance-linked bonus (short-term), performance-linked bonus (medium to long term), and stock-based remuneration linked to medium- to long-term share performances, based on a resolution of the Board of Directors, within remuneration limits approved at the 2024 Ordinary General Meeting of Shareholders (held on June 21, 2024).

MC has decided to review the remuneration system for Directors (excluding Directors who are Audit & Supervisory Committee Members), who are in charge of business execution, with the aim of sharing value with its shareholders and further heightening awareness of improvement of medium-to-long term corporate value.\*<sup>1</sup>

Therefore, taking into consideration various factors including economic conditions, MC hereby proposes to set remuneration for Directors (excluding Directors who are Audit & Supervisory Committee Members) as follows.

1. The total annual amount for base salary and individual performance-linked remuneration shall be up to 1.8 billion yen per year (For the base salary paid to Outside Directors, up to 250 million yen per year).
2. The annual amount for performance-linked bonuses that reflects the profit over a single fiscal year shall be up to 1 billion yen per year. (The amount paid is adjusted in line with the results of evaluations of underlying cash flows, ROE, and initiatives related to sustainability factors and calculated according to the formula resolved by the Board of Directors. An upper limit is also placed on the total amount to be paid.)

Remuneration for each Director (excluding Directors who are Audit & Supervisory Committee Members) shall be determined through a deliberation and decision-making process by the Board of Directors and the Compensation Committee within the aforementioned amount.

In the event of a material revision of financial statements, etc., due to the execution of duties by Directors, MC may demand that such Directors shall not be paid or that they return money (malus and clawback) for the individual performance-linked remuneration and performance-linked bonuses\*<sup>2</sup>.

Upon approval of this Proposal as originally proposed, annual deferment for retirement remuneration under the current system will not be accumulated for the fiscal year ended March 31, 2026 and thereafter, and the accumulated amount up to the fiscal year ended March 31, 2025 will be calculated and paid upon resolution of the Board of Directors at the time of retirement from office as a Director who is in charge of business execution. Performance-linked bonuses (medium- to long- term) will also be abolished from the fiscal year ended March 31, 2026, and individual performance-linked remuneration, performance-linked bonuses (short-term), performance-linked bonuses (medium- to long- term) and stock-based remuneration linked to medium- to long-term share performances for past fiscal years will continue to be vested and paid based on the basic approach, compensation governance and compensation system for Directors, etc. for each fiscal year.

Furthermore, MC hereby proposes to set annual stock-based remuneration in the range of 1.7 billion yen as stock-based remuneration linked to share performances using a new Trust-based scheme, separate from remuneration frameworks 1) and 2) above, set forth in subsequent Proposal No. 4.

\*<sup>1</sup> For an overview of the new executive compensation system, please refer to pages 31 and 32.

\*<sup>2</sup> Upon approval of Proposal No. 4 as originally proposed, the stock-based remuneration linked to share performances shall also be subject to malus and clawback policy.

Subject to the approval of this Proposal as originally proposed, MC's Board of Directors has newly established a policy for determining the content of individual Director remuneration at its meetings held on May, 2025, and believes that this Proposal is necessary and reasonable in accordance with such policy. Furthermore, the Board of

(Translation)

Directors judges the contents of this Proposal to be suitable as it has received a report from the Compensation Committee (which is chaired by an Independent Director and the majority of which are Independent Directors) stating that the Proposal is appropriate.

If Proposal No.2 is approved as originally proposed, the number of Directors (excluding Directors who are Audit & Supervisory Committee Members) subject to this Proposal will be ten (10), including four (4) Independent Directors. However, the Chairman of the Board of Directors and Independent Directors, who do not concurrently serve as Executive Officers shall only receive fixed base salary and shall not be eligible for individual performance-linked remuneration or performance-linked bonuses, as it is necessary to ensure their independence in order to properly carry out management supervision.

**Opinion of the Audit & Supervisory Committee on this Proposal**

The Audit & Supervisory Committee has reviewed the deliberations of the Compensation Committee and the Board of Directors regarding this Proposal in light of MC's Corporate Governance Principles and other relevant factors, and has concluded that there are no matters regarding this Proposal that should be presented to the General Meeting of Shareholders in accordance with the provisions of the Companies Act.

***Proposal No 4. To introduce a stock-based remuneration system for Eligible Directors (excluding Directors who are Audit & Supervisory Committee Members)***

MC remunerates eligible Directors (excluding Directors who are Audit & Supervisory Committee Members) who are in charge of business execution (hereinafter referred to as “Eligible Directors” in this Proposal) with stock-based remuneration linked to medium- to long-term share performances (stock-linked compensation plan with market conditions) of up to 600 million yen per year with an exercise price of 1 yen, based on the approval at the 2024 Ordinary General Meeting of Shareholders (held on June 21, 2024).

While the current stock-based remuneration linked to medium- to long-term share performances will be abolished, a new stock-based remuneration linked to share performances using trust scheme up to 1.7 billion yen per year (hereinafter referred to as the “Plan”) will be introduced for Eligible Directors, with the aim of sharing value with its shareholders and further heightening awareness of improvement of medium-to-long term corporate value. Upon approval of this Proposal as originally proposed, MC shall not issue stock acquisition rights as medium- to long-term share performance-linked remuneration, but the stock acquisition rights already issued shall continue to exist. Upon Proposal No.2 is approved as originally proposed, the number of Eligible Directors will be five (5). Subject to the approval of this Proposal as originally proposed, the Board of Directors has newly established a policy for determining the content of individual Director’s remuneration at its meetings held on May 2025, and MC believes that this Proposal is necessary and reasonable in accordance with such policy. Furthermore, the Board of Directors judges the contents of this Proposal to be suitable as it has received a report from the Compensation Committee (which is chaired by an Independent Director and the majority of which are Independent Directors) stating that the Proposal is appropriate.

**(1) Overview of the Plan**

MC contributes funds to the Trust (hereinafter referred to as “Trust Fund”), which then acquires shares of MC stock (hereinafter referred to as “MC Shares”) and delivers or transfers (hereinafter referred to as “Delivered, etc.”) MC Shares or its monetary equivalent to the converted value of such shares (hereinafter referred to as “MC Shares, etc.”) through the Trust as remuneration to Directors in accordance with their positions, the degree of achievement of targets, and other criteria.

**(i) Eligible persons to whom the MC Shares, etc. is to be delivered, etc. covered by this Proposal**

- Eligible Directors
  - \* The Chairman of the Board of Directors and Independent Directors, who do not concurrently serve as Executive Officers are ineligible for payment in light of their roles.

**(ii) Upper limit of the Trust Fund (as described in (2) below)**

- 1.7 billion yen multiplied by the number of fiscal years in the target period. For the initial target period, 5.1 billion yen for the three fiscal years ending March 31, 2028.

**(iii) Upper limit of MC Shares to be delivered to the Eligible Directors and the method of acquisition of MC Shares (as described in (2) and (3) below).**

- 1.4 million shares multiplied by the number of fiscal years during the target period. For the initial target period, 4.2 million shares for the three fiscal years ending March 31, 2028.
- The ratio of the above number of shares per fiscal year (1.4 million shares) to the total number of shares issued by MC (as of March 31, 2025, net of treasury stock) is approximately 0.03%
- MC Shares will be acquired by the Trust through the issuance of new shares as a third-party allotment or disposal of treasury stock by MC to the Trust, or from the stock market through the Trust.

**(iv) Calculation method of the number of MC Shares, etc. to be Delivered, etc. to Eligible Directors (as described in (3) below)**

- This will fluctuate within a certain range depending on the achievement level of the performance. The achievement level of the performance during the initial target period will be calculated by dividing the Company’s Total Shareholder Return (hereinafter referred to as “TSR”) during the initial target period by the growth rate of the Tokyo Stock Price Index with dividends (hereinafter referred to as “TOPIX Total Return Index”) during that period.

(Translation)

**(v) Timing of MC Shares, etc. to be Delivered, etc. to Eligible Directors (as described in (4) below)**

- In principle, after the end of the target period.

**(2) Upper limit of the Trust Fund**

This Plan, in principle, cover three fiscal years, with the initial target period being the three fiscal years ending on March 31, 2028.

MC shall set an upper limit of 1.7 billion yen multiplied by the number of fiscal years in the target period as the maximum amount of the Trust Fund and establish a trust (the “Trust”) for the term corresponding to the target period with Eligible Directors who satisfy the requirements as the beneficiaries.

In accordance with the instructions of the trustee, the Trust will acquire MC Shares through the Trust, using the Trust Fund as the source of funds. MC shall grant points to Eligible Directors as set forth in (3) below, and MC Shares, etc. shall be Delivered, etc. by the Trust equivalent to the number of points granted at a pre-determined time.

The Trust may be continued at the expiration of the Trust period by amending the trust agreement and making additional contributions to the Trust. In such cases, in principle, three fiscal years will become the new target period, and the Trust term will be extended for the period corresponding to the new target period. MC will make additional contributions to the Trust for each such extended period within the scope approved by resolution at this General Meeting of Shareholders regarding the Trust Fund and continue granting points to Eligible Directors and making MC Shares, etc. to be Delivered, etc. for the new target period. However, in the case of making such an additional contribution, if there are any remaining MC Shares (excluding MC Shares equivalent to the points granted to Eligible Directors that has yet to be Delivered, etc.) and funds in the Trust property (hereinafter collectively with MC Shares, the “Residual Shares, etc.”) at the final day of the trust period prior to the extension, the sum of the amounts of the Residual Shares, etc. to be Delivered, etc. to Eligible Directors and the Trust Fund necessary to be additionally contributed shall be within the scope approved by resolution at this General Meeting of Shareholders.

Such extension of the trust period is not limited to once, and the trust period may be extended again in the same manner thereafter.

**(3) Calculation method and upper limit of the number of MC Shares, etc. to be Delivered, etc. to Eligible Directors**

The number of MC Shares, etc. to be Delivered, etc. to Eligible Directors shall be determined based on “Share Delivery Points.” One MC Share per point or a payment of money equivalent to the converted value of one MC Share shall be Delivered, etc., with fractions less than one point rounded down. However, if a share split of MC Shares or a reverse share split of its shares occurs during the Trust period, MC will adjust the number of the MC Shares per Share Delivery Point and the upper limit on the number of shares and a payment of money equivalent to the converted value of such shares to be Delivered, etc. according to the split or reverse split ratio. Share Delivery Point shall be calculated as follows:

Each fiscal year, points are allocated to Eligible Directors according to their position. After the elapse of the target period, the points allocated to Eligible Directors are multiplied by a performance-based coefficient\* according to the degree of achievement of the performance and some other factors to calculate the number of performance-based points and determine the number of Share Delivery Points. Even if an Eligible Director who meets the beneficiary requirements resigns during the target period, the number of performance-based points will be calculated according to the performance-based coefficient after the target period ends, to determine the number of Share Delivery Points.

\*This will fluctuate within a certain range depending on the achievement level of the performance. The achievement level of the performance during the initial target period will be calculated by dividing MC’s TSR during the initial target period by the growth rate of the TOPIX Total Return Index during that period. The range of fluctuation that is dependent on the achievement level of the performance cap during the initial Target Period is set to 50-250%. Please note that the indicator and the range of fluctuation may be changed in the future by resolution of the Board of Directors.

The upper limit of MC Shares, etc. to be Delivered, etc. (the number of points to be granted to the Eligible Directors) during the Trust period shall be 1.4 million shares multiplied by the number of fiscal years during the

(Translation)

target period. In consideration of the aforementioned upper limit of Trust Fund, the maximum number of MC Shares, etc. to be Delivered, etc. to Eligible Directors is set with reference to information such as the share price at present and other factors.

**(4) Method and timing of Delivery, etc. of MC Shares, etc. to Eligible Directors**

The Eligible Directors who meet the beneficiary requirements shall, after the elapse of the target period, receive a Delivery, etc. of MC Shares, etc. from the Trust in the number equivalent to the number of Share Delivery Points retained, by taking prescribed beneficiary identification procedures.

At that time, said Eligible Directors shall receive a delivery of MC Shares in a certain ratio of such Share Delivery Points, and MC Shares equivalent to the remaining points will be converted into cash within the Trust, and said Eligible Directors shall receive a payment of money equivalent to the converted value of such shares. In addition, Eligible Directors who are determined to be non-residents of Japan shall receive from MC an amount calculated by multiplying the number of Share Delivery Points calculated and determined after the elapse of the target period by the share price of MC Shares at the time of payment for the number of points held at that time. If it becomes difficult to pay the amount of money equivalent to the converted value of such shares by the Trust for some reason, MC may pay an amount equivalent to the converted value (hereinafter referred to as the “cash plan”). The total number of points (hereinafter referred to as the “cash plan points”) that are the basis for calculating the amount of payment to Eligible Directors under the cash plan and the number of MC shares (including shares subject to conversion into cash) to be Delivered, etc. to Eligible Directors shall be up to the number of shares calculated by multiplying 1.4 million shares by the number of fiscal years of the target period, and the amount paid shall be calculated by multiplying the number of cash plan points by the market share price at the time of payment.

In addition, if an Eligible Director were to die, all MC Shares in the number equivalent to the Share Delivery Points awarded up to that time will be converted into cash within the Trust, and an heir to said Eligible Director shall receive a payment of money equivalent to the converted value of such shares.

**(5) Malus and clawback policy**

In the event of a material revision to financial statements, etc., due to the execution of duties by an Eligible Director, MC may demand that such Director forfeit the beneficial interest in MC Shares, etc. to be Delivered, etc. (malus) or demand the return of MC Shares, etc. that was Delivered, etc. (clawback).

**(6) Exercise of voting rights related to MC Shares held by the Trust**

To ensure the neutrality of management, voting rights of MC Shares held by the Trust shall not be exercised during the Trust period.

**(7) Treatment of dividends on MC Shares held by the Trust**

Dividend for MC Shares held by the Trust will be received by the Trust and used for trust fees and trust expenses of the Trust.

**(8) Other details of this Plan**

Other details regarding this Plan shall be resolved by the Board of Directors each time the Trust is established, the trust agreement is amended, or additional contributions are made to the Trust.

**Opinion of the Audit & Supervisory Committee on this Proposal**

The Audit & Supervisory Committee has reviewed the deliberations of the Compensation Committee and the Board of Directors regarding this Proposal in light of MC's Corporate Governance Principles and other relevant factors, and has concluded that there are no matters regarding this Proposal that should be presented to the General Meeting of Shareholders in accordance with the provisions of the Companies Act.

## <Reference> Overview of the New Executive Compensation System

Following ongoing deliberations by the Compensation Committee, the Board of Directors, at its meeting held on May 2025, resolved to review the compensation system for Directors (who are not Audit & Supervisory Committee Members) who are in charge of business execution from the fiscal year ending March 31, 2026 onward.

In this review, the system was designed with the aim of sharing value with its shareholders and further heightening awareness of improvement of medium- to long-term corporate value.

### ■ Basic Policy for Review

#### • Alignment with Strategies

KPIs shall be selected as indicators that are important in terms of management strategies, in order to link them to the remuneration system. Furthermore, remuneration levels are domestically and globally competitive and based on the functions and roles that MC is expected to assume and the status of performance achieved to motivate career growth in human resources who will be responsible for the next generation of management and to further raise organizational vitality.

#### • Greater Alignment with Shareholders

Performance-linked bonuses (medium- to long-term) and stock-based remuneration linked to medium- to long-term share performances, which were previously compensation items for medium- to long-term incentives, will be integrated and a new system for stock-based remuneration linked to share performances will be introduced, significantly increasing the proportion of stock-based remuneration in the remuneration structure and continuing to attach conditions to stock prices for stock-based remuneration.

#### • Enhancing Accountability

In order to ensure objectivity and transparency of executive compensation, the Compensation Committee, where a majority of the members are Independent Directors and which is chaired by an Independent Director, continuously deliberates on the nature of executive compensation (determining policy, level and composition, etc.) and its appropriateness, and will continuously deliberate and monitor its status after reviewing it.

### ■ Composition of Remuneration Package for Directors Responsible for Business Execution (each remuneration item)

However, if net income is zero or there is a net loss, the amount paid shall be zero regardless of the amount of underlying operating cash flows. In addition, if ROE falls below the level resolved by the Board of Directors, the amount to be paid shall be reduced. • In addition, the amount varies in accordance with the results of evaluations of initiatives related to sustainability factors. These evaluations are carried out by the Compensation Committee, which comprehensively examines initiatives over the relevant single year, while also considering longer-term impact in both quantitative and qualitative terms. The evaluation results are reported to the Board of Directors.

### <Shareholder Proposals>

Proposal No.5 and No.6 are jointly proposed by three shareholders.

The name of each agenda item, details of the proposal, and reasons for the proposal are given in the original text.

#### ***Proposal No 5. Partial amendment to the Articles of Incorporation (Disclosure of Financial Risk Audit by Audit & Supervisory Committee)***

##### **Details of the proposal:**

The following clause shall be added to the Articles of Incorporation:

#### **CHAPTER 5: Audit & Supervisory Committee**

##### **Article 30: Disclosure of Financial Risk Audit by Audit & Supervisory Committee**

Noting the Company's increasing acute and systemic financial risks due to material issues such as malfeasance and climate change, and the duties of the audit and supervisory committee to oversee the effectiveness of the execution of duties by the Directors, in order to enhance long-term value, the Company shall disclose the following in the Audit Report:

- (i) the audit committee's assessment of the appropriateness of our company's strategy, policies and processes to mitigate financial risks associated with identified material issues (including, the appropriateness of the process and results of reviewing the financial risks to which our company may be exposed, both when risk management is properly implemented and when it is inadequate) and the reasons of the assessment; and,
- (ii) the framework, including the criteria for the assessment, for auditing the oversight of the Company's risk controls with respect to identified material issues.

The disclosure should be produced at reasonable costs and omit proprietary information.

##### **Reasons for proposal:**

This proposal requests the Company disclose the necessary information in the Audit Report for shareholders to determine whether the Directors of the Company are effectively monitoring risk.

Shareholders are unable to assess whether the board and its current processes are adequately monitoring the management's use of risk controls. Given the recent cases of malfeasance abroad, shareholders have legitimate concerns over the effectiveness of the current board oversight system. This doubt extends to whether the oversight system for other material risks (such as climate-related financial risks) is effective.

The audit committee's report for FY2023 identified no issues with the oversight by the Directors, for example. However, shareholders are not advised of the basis of such an assessment. The Company should disclose the basis of its conclusion, given that they are accountable under the Companies Act and the Corporate Governance Code to the shareholders.

This proposal would improve the corporate governance of the Company and lead to the enhancement of mid- to long-term corporate value. It would benefit all shareholders, including the shareholders who are not given access to the Directors.

### ***The Opinion of the Company's Board of Directors on the Shareholder Proposal***

The Board of Directors opposes this proposal.

As described in paragraph (1) below, the scope of the audits conducted by the Audit & Supervisory Committee includes risk management which covers financial risks and others. The activities and results of such audits have already been shared in our various disclosure materials. In addition, as described in paragraph (2) below, it is not appropriate to require the Audit & Supervisory Committee to specify and disclose the basis, evaluation standards, and other frameworks for each risk assessment conducted as part of an audit, given the nature of such activities. Therefore, the provisions as requested by Shareholder Proposal I should not be stipulated in the Articles of Incorporation.

#### **(1) Status of Audits Conducted by the Audit & Supervisory Committee**

##### **(a) Scope of Audits**

The Audit & Supervisory Committee audits the matters listed below in accordance with the Companies Act and other laws and regulations, as well as MC's Articles of Incorporation and internal regulations. The scope of the audits includes risk management which covers financial risks and others.

- Board of Directors decision-making process
- Execution of duties by directors
- Implementation and effectiveness of internal controls

##### **(b) Audit Activities**

Each Audit & Supervisory Committee member attends Board of Directors' meetings as a director who is an Audit & Supervisory Committee member and confirms the appropriateness of the decision-making process. In addition, through the activities listed below, the Audit & Supervisory Committee ensures that Company operations are conducted in accordance with the basic management policies set forth by the Board of Directors, and that the Board of Directors appropriately implements the Company's internal controls, including risk management frameworks, and verifies and monitors their effectiveness.

- Dialogue with management and executive officers
- Attendance of important internal management meetings
- On-site audits and observation of domestic and overseas group companies

In addition, the effectiveness of audits is enhanced by cooperating with MC's internal audit department.

##### **(c) Disclosure of Audit Activities and Results**

The status and results of audit activities conducted by the Audit & Supervisory Committee are disclosed in an audit report prepared in accordance with the Companies Act, as well as on the website, in integrated reports, corporate governance reports and various other disclosure materials. This verifies information regarding resolutions made by the Board of Directors on the implementation of internal controls and the operational status thereof. Therefore, the activities and audit results of the Audit & Supervisory Committee may be disclosed in various ways, including but not limited to the aforementioned audit report, and we determine the most suitable disclosure methods from the perspective of providing information to stakeholders appropriately.

#### **(2) Nature of Audit Activities**

The Audit & Supervisory Committee decides key audit matters and the annual audit plan following comprehensive consideration of management issues, external factors and others. They are required to make agile and responsive judgments during their audit activities in response to internal and external change, and they are also required to assess overall management of the Company from various perspectives. Audits inherently require the flexibility to determine key audit items in response to changes in circumstances as well as diverse perspectives, therefore, it is not practical to comprehensively specify the basis, evaluation standards, and frameworks for each risk assessment conducted by the Audit & Supervisory Committee. Consequently, it is not appropriate to require the stipulation of the definition and disclosure of such matters in the Articles of Incorporation, which establish the basic principles for Company operations.

Internal Audit & Supervisory Committee members are appointed based on their knowledge and experience in MC's overall management, finance, accounting, legal affairs, risk management, among others. External Audit & Supervisory Committee members are selected based on their diverse and extensive knowledge and experience in corporate management, and other areas of expertise that contribute to audit and oversight including, but not

(Translation)

limited to, business management, finance, accounting, risk management, legal affairs, environment, and social policy. All Audit & Supervisory Committee members are appointed by MC's shareholders through a resolution at the General Meeting of Shareholders.

For the above reasons, the Board of Directors opposes this proposal.

### **Audit & Supervisory Committee**

The Audit & Supervisory Committee comprises all of the Audit & Supervisory Committee Members responsible for monitoring function of MC in cooperation with the Board of Directors, as well as auditing the management performance of Directors in compliance with the Companies Act and other laws and regulations as well as MC's Articles of Incorporation and internal rules and regulations.. Full-time Audit & Supervisory Committee Members and Independent Audit & Supervisory Committee Members ensure the soundness of management by executing audits informed by abundant management experience within MC and by experience in the field of their own expertise as well as a neutral and objective perspective, respectively. In addition to making resolutions on matters required by law and other important issues, the Audit & Supervisory Committee strives to enhance information-sharing among the Members through briefings on key matters and reporting on the status of the auditing activities of each of the Members.

### **Main Activities of Audit & Supervisory Committee in FY2024**

#### **1. Dialogue with Executive Officers**

Opportunities are created for all Audit & Supervisory Committee Members, including the Independent Audit & Supervisory Committee Members, to engage in dialogues with Chairman of the Board, President and CEO, Senior Executive Vice President, Corporate Functional Officers, Business Group CEOs, Business Division COOs, General Managers of Administrative Departments, General Manager of Auditing Department, General Manager of the Corporate Strategy & Planning Department and General Managers of the Corporate Staff Section.

#### **2. Attendance at Important Meetings**

Besides the Audit & Supervisory Committee, Audit & Supervisory Committee Members, as Directors, attend the Board of Directors, as well as other important meetings such as Corporate Governance and Nomination Committee, and Compensation Committee.

In addition, Full-time Audit & Supervisory Committee Members attend meetings of major internal management bodies—including Executive Committee; and Business Strategy Committee—and provide opinions as necessary. The Independent Audit & Supervisory Committee Members attend meetings of the Board of Directors after being briefed on discussions in the Executive Committee and lower conference bodies, and provide opinions as necessary.

#### **3. Onsite Audits and Observations**

In the fiscal year ended March 31, 2025, the Audit & Supervisory Committee Members met with the CEOs and executive officers of 12 MC Group companies in six locations overseas and 21 domestic MC Group companies, as well as the regional chiefs of 10 overseas and domestic offices. The Audit & Supervisory Committee Members reported on the results of their onsite audits to Chairman of the Board, the President and CEO, and relevant executive officers.

\* MC has transitioned to a Company with an Audit & Supervisory Committee. Numbers mentioned in the “Main activities of Audit & Supervisory Committee” include numbers of activities of the Audit & Supervisory Board Members attended from April to June 2024.

(Translation)

#### 4. Reinforcement of MC Group Corporate Governance

In addition to dialogues with the CEOs and other executive officers of the MC Group companies, opportunities are arranged for the exchange of information every quarter with the Audit & Supervisory Board Members of 33 major MC Group companies in Japan, and Audit & Supervisory Board Members of the MC Group companies also convene subcommittees to provide opportunities to share information and exchange opinions. MC also provides assistance in training for those who will be assigned to the MC Group companies as full-time Audit & Supervisory Board Members. We will continue working to strengthen the corporate governance of MC Group through regular monitoring.

#### 5. Enhancing the Effectiveness of the Audit & Supervisory Committee and Its Members

To increase the effectiveness of the audits performed by the Audit & Supervisory Committee, in the year ended March 31, 2025, we further enhanced the reviews of the activities of the Audit & Supervisory Committee. Specifically, as in previous years, the Audit & Supervisory Committee held mid-year and year-end reviews of audit status, focusing mainly on key audit areas. In addition, the Audit & Supervisory Committee carried out an evaluation of its effectiveness based on a survey of its members and hearings about the survey results. The Audit & Supervisory Committee reviewed its auditing methods and deliberated matters to be followed up in the audit activities for the coming fiscal year. The results of the evaluation confirmed that the audits performed by the Audit & Supervisory Committee functioned adequately, that its effectiveness is appropriately ensured, and that the Audit & Supervisory Committee will continue to consider methods to further enhance its effectiveness.

***Proposal No 6. Partial amendment to the Articles of Incorporation (Disclosure of the financial impact of failing to meet a 1.5 degree Celsius target under the Paris Agreement)***

**Details of the proposal:**

The following Chapter shall be created and added to the Articles of Incorporation:

**Chapter Y: “Climate-risk management”**

**Clause Z: Disclosure of the financial impact of failing to meet a 1.5 degree Celsius target under the Paris Agreement**

Noting the Company’s net zero GHG emissions by 2050 declaration, the Paris Agreement’s commitment to pursue efforts to limit global warming to 1.5 degrees Celsius, the projected economic costs of physical climate change risks, and the Company’s current business trajectory, the Company shall disclose quantitative assessments of:

(i) the projected financial impacts of transition risks facing the Company’s current strategy and operations under a 1.5 degree Celsius warming scenario, including potential asset impairments;

(ii) the projected financial impacts of physical risks facing the Company’s current strategy and operations under a scenario in which warming overshoots the Paris Agreement’s temperature goals, such as the [Network for Greening the Financial System \(NGFS\)](#) Current Policies scenario or other reasonable scenario, including potential asset impairments; and

(iii) the degree to which the projected financial impacts described in i) and ii) will affect capital expenditure assessments and decisions.

The disclosure should be produced at reasonable costs and omit proprietary information.

**Reasons for proposal:**

This proposal requests the Company disclose the financial impact facing the Company, including significant capital expenditure plans under key climate scenarios, including a 1.5°C warming scenario and the overshoot scenarios.

The Company fails to disclose such assessments despite facing significant financial risks. Its current business is aligned with a 3.2°C outcome according to MSCI analysis. This leaves the Company vulnerable to transition risks, including potential asset impairments, due to market and policy shifts needed to meet the Paris Agreement’s climate goals.

Climate science demonstrates that a 1.5°C warming outcome presents less climate-related financial risk than higher warming scenarios. By contrast, under a 2.3°C scenario, [physical impacts](#) could cost Japan’s economy US\$9.2 trillion by 2050.

The disclosure requested by this proposal would enable investors to better assess how climate change may affect the Company’s financial stability and future profitability. In addition, enhanced transparency will support constructive engagement with shareholders and contribute to strengthening the Company’s medium- and long-term corporate value.

***The Opinion of the Company’s Board of Directors on Shareholder Proposals***

The Board of Directors opposes this proposal.

As outlined in paragraph (1) below, we are already preparing to disclose our outlook on the financial impacts arising from both the transition risks and opportunities<sup>1</sup> related to climate change, as well as the physical risks<sup>2</sup> requested in this shareholder proposal, and the extent of such impacts. We intend to disclose the outcome of the analyses no later than the timeline for the application of the Sustainability Standards Board of Japan (SSBJ) disclosure standards. In addition, we have already conducted scenario analyses on these risks and opportunities and have shared the detailed results publicly. Furthermore, considering the operational constraints outlined in paragraph (2) below, the provisions

---

<sup>1</sup> Transition risks/opportunities refer to the potential impacts that companies may face if average global temperatures are limited to 2°C or 1.5°C above pre-industrial levels due to climate change mitigation efforts.

<sup>2</sup> Physical risks refer to the potential impacts that companies may face due to events resulting from climate change, such as the intensification of natural disasters or changes in temperature and precipitation.

(Translation)

as requested by Shareholder Proposal II should not be stipulated in the Articles of Incorporation.

**(1) Analyzing and Disclosing Transition Risks and Opportunities and Physical Risks**

We acknowledge that climate change presents a significant risk, however, it also offers new business opportunities through innovation and the creation of new business models. Based on this principle, we have identified "contributing to a decarbonized society" as a material issue that MC must address through our business activities. This is regarded as a critical management concern that must be tackled to achieve sustainable growth. Furthermore, we believe it is essential to appropriately assess the risks and opportunities associated with climate change for each business, and to develop business strategies accordingly, to simultaneously achieve decarbonization and enhance the resilience of our portfolio.

In this context, we have been conducting scenario analyses using climate scenarios since FY2019. The specific initiatives we have undertaken are as follows:

- **Transition Risks and Opportunities:** To identify and manage transition risks and opportunities, we have conducted a 1.5°C scenario analysis based on the assumption of achieving net-zero emissions by 2050 for three key business areas: natural gas/LNG, steelmaking coal, and renewable energy. We have disclosed the impact of these risks and opportunities on each business area, as well as the related policies and initiatives based on the analysis.
- **Physical Risks:** To assess and manage physical risks, we have analyzed our portfolio using the most extreme climate change scenario (RCP8.5 scenario) as defined by the Intergovernmental Panel on Climate Change (IPCC). We have disclosed the current measures and future response plans for assets likely to be affected by physical risks.

Additionally, we are preparing to disclose further information in accordance with the relevant disclosure standards, including those set by the International Sustainability Standards Board (ISSB) and the Sustainability Standards Board of Japan (SSBJ). As part of this disclosure, we plan to expand on the financial impacts of climate change risks, including the analyses that have already been disclosed.

**(2) Impeding Effective Business Execution**

The purpose of the Articles of Incorporation is to establish the fundamental principles for MC's operations in accordance with the Companies Act. It is not appropriate to stipulate specific matters, such as disclosure of quantitative assessments of the projected financial impacts of various risks, or the degree to which the projected financial impacts will affect capital expenditures, as this would significantly impede our ability to manage our operations effectively. Such provisions would limit flexible business execution and hinder our ability to adopt or revise policies in a timely manner in response to the rapidly changing business environment. This, in turn, could adversely affect our corporate value.

For the above reasons, the Board of Directors opposes this proposal.

### Initiatives Toward Achieving a Carbon-Neutral Society

In October 2021, we formulated our “Roadmap to a Carbon-Neutral Society” (hereinafter referred to as the “Roadmap”) in which we declared our goal of achieving net-zero greenhouse gas (GHG) emissions by 2050. As an active player in a variety of industries including mineral resources and energy, we will fulfill our responsibility to provide a stable supply of energy while striving to achieve a carbon neutral society.

#### **(1) Mechanism for simultaneously decarbonizing and reinforcing MC’s portfolio**

As part of our sustainability initiatives to address climate change, we have introduced a mechanism to simultaneously decarbonize and reinforce our portfolio, as shown in the figure below.

The foundation of this mechanism is a business classification system, known as the MC Climate Taxonomy, that classifies each of our businesses into one of three categories. Businesses that offer significant climate-related transition opportunities are classified as “Green” businesses, while those subject to significant climate-related transition risks are classified as “Transform” businesses. Businesses that do not fit into either of these two categories are classified as “White” businesses. Based on this classification, we conduct 1.5°C scenario analyses (detailed in the next section) to analyze the business environment and assess the impact on our businesses, identifying climate change-related risk items for specific businesses, assessing the current status and trends, and discussing the impact of these items through “transform discussions” and meetings regarding the integration of climate change factors into business strategy. Additionally, we conduct evaluations using assumptions under decarbonization scenarios to assess profitability and these evaluations provide one of the criteria in our investment decisions.

Moreover, MC’s approach to, and policies on, climate change are discussed and reviewed by the Sustainability Committee, a subcommittee under the Executive Committee, based on opinions and advice from external experts through the Sustainability Advisory Committee. After thorough deliberation, these policies are decided by MC’s Executive Committee, our officer-level decision-making body. Furthermore, as stipulated in the regulations governing MC’s Board of Directors, the Executive Committee reports its findings regularly to the Board of Directors.

#### **(2) Transition Risks and Opportunities, Physical Risk Analysis**

##### **(a) Transition Risks and Opportunities Analysis**

We conduct transition risks and opportunities analysis using a 1.5°C scenario that assumes realization of net zero by 2050 and discloses the results. Specifically, we create and use a customized, specific model of the 1.5°C scenario, while aligning key assumptions with the IEA’s scenario wherever possible, allowing for a detailed level of granularity on topics such as demand by region and product.

In line with our MC Climate Taxonomy, we perform a risk analysis for our natural gas/LNG and steelmaking coal businesses, both of which are classified as “Transform” businesses with particularly large-scale assets. We also perform an opportunity analysis for our renewable energy business. We have disclosed the results of these analyses.

Through this analysis, we have determined the resilience of our business portfolio, even under a 1.5°C scenario assuming rapid society-wide decarbonization. However, we continue to update our analysis based on the latest available climate scenarios.

### (b) Physical Risk Analysis

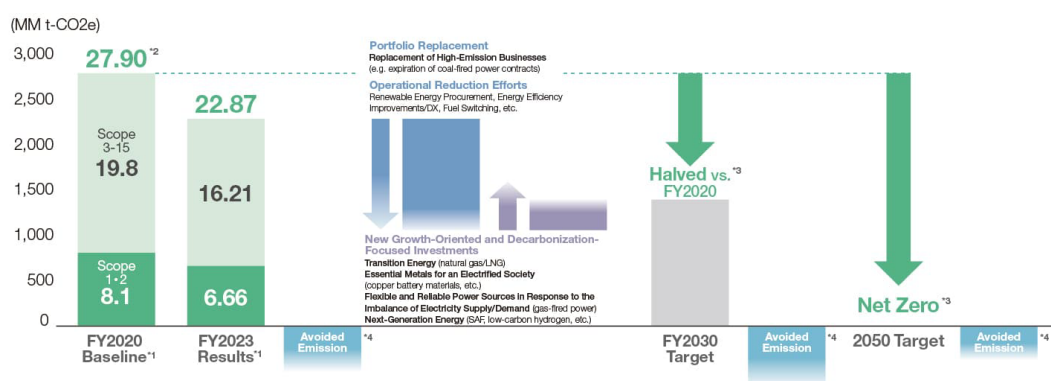

In addition to our efforts to achieve a decarbonized society, we recognize that our businesses and assets are exposed to physical risks associated with climate change. Therefore, in addition to the 1.5°C scenario analysis mentioned above, we also evaluate the potential impacts of physical risks, such as floods, droughts, and rising temperatures, on our operations.

Based on the identification of material assets and screening using climate model forecasts, we have conducted detailed analysis targeting our steelmaking coal business in Australia and our copper business in Chile, and we have disclosed the results.

In consideration of the outcomes of this analysis, we are implementing initiatives to increase the resilience of our business sites in preparation for the intensification of physical risks in the future.

### (3) Greenhouse Gas (GHG) Emissions Reduction Plan and Progress to Date

We are actively working on the measures outlined in point (1) to achieve the GHG reduction targets established in our Roadmap: halving emissions by FY2030 compared to FY2020 and reaching net zero emissions by 2050. In FY2023, our GHG emissions amounted to 22.87 million tons, representing an 18% reduction from 27.90 million tons in FY2020, which serves as our baseline year.

<sup>\*1</sup> Reiterated due to changes including the shift in GHG calculation standards from the equity share approach to the financial control approach.

<sup>\*2</sup> The base year figures include emissions from thermal power generation and natural gas projects, which comprise (i) assumed peak emissions from pre-operational committed projects and (ii) projected full-capacity emissions for partially-operational projects.

<sup>\*3</sup> In the event that emissions reduction targets are not able to be achieved despite active reduction efforts, we will consider offsetting residual emissions through internationally recognized methods including carbon removal (e.g., carbon credits). Furthermore, plans and measures related to GHG emissions reduction targets may be revised flexibly in accordance with developments related to technology, economic feasibility, policy/regulatory support, etc.

<sup>\*4</sup> Offsets will not be made using avoided emissions. Graphs for avoided emissions in the diagram are for illustrative purposes only. For actual figures, please refer to the ESG data disclosed separately.

We remain committed to advancing our efforts to meet these reduction targets, while also contributing to society's broader emissions reduction goals through low-carbon and decarbonized businesses.

#### (4) Enhanced Disclosure of Scope 3 Emissions

We had previously disclosed emissions from Category 11, which accounted for most of our Scope 3 emissions. However, in response to increasing requests from stakeholders for greater transparency, and in anticipation of future statutory disclosure requirements, we disclosed the emissions for all Scope 3 categories for FY2023 in April 2025.

We have been disclosing climate-related information in response to stakeholder requests and will continue to expand our disclosures in the future.

FY2023 Results		Emissions (10,000 t-CO <sub>2</sub> e)		Percentage (%)
Category		Equity share approach (previous disclosure)	Financial control basis (new disclosure)	
1	Purchased goods and services	—	11,612	24.2%
2	Capital goods	—	80	0.2%
3	Fuel- and energy-related activities not included under Scope 1 or 2	—	160	0.3%
4	Upstream transportation and distribution	—	480	1.0%
5	Waste generated in operations	—	40	0.1%
6	Business travel	—	1	0.0%
7	Employee commuting	—	10	0.0%
8	Upstream leased assets	—	55	0.1%
9	Downstream transportation and distribution	—	315	0.7%
10	Processing of sold products * Some items previously in Category 11	—	10,100	21.1%
11	Use of sold products * Disclosed since FY2021	35,345	22,906	47.8%
12	End-of-life treatment of sold products	—	517	1.1%
13	Downstream leased assets	—	31	0.1%
14	Franchises	—	10	0.0%
15	Investments * Subject to reduction targets (Scope 1 and 2 for affiliated companies)	—	1,621	3.4%
Total			47,938	100.0%

\*In line with the approach used by our business partners, we reclassified emissions from steelmaking coal from Category 10 to Category 11.

#### (5) Stakeholder Engagement

We regard constructive dialogue with our stakeholders, and reflecting input from that dialogue into our policies and operations, as vital to the achievement of sustainable medium to long-term enhancement of our corporate value.

We place particular emphasis on dialogue with stakeholders, and with the participation of our external directors and our Chief Stakeholder Engagement Officer (CSEO), we actively create opportunities to communicate our sustainability initiatives and collect feedback on them. In FY2024, we conducted approximately 40 dialogues with investors and NGOs on climate change.

Through these dialogues, we aim to refine our policies and initiatives based on valuable insights into stakeholders' perspectives, including expectations in relation to our strategies toward the transition to a low-carbon/decarbonized society, as well as policies around individual fossil fuel projects. We will also continue to disclose the status of the implementation of initiatives in a timely and appropriate manner.

## Approaches to Corporate Governance

### MC's Corporate Governance System Supporting Sustainable Growth

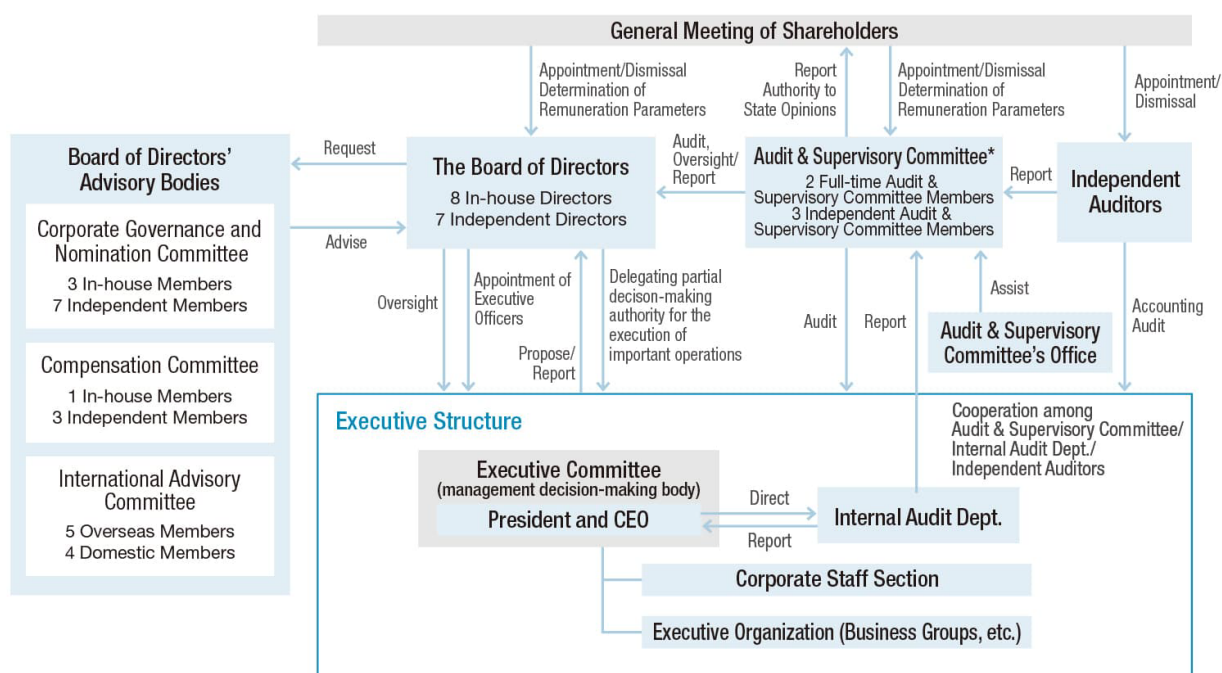

#### Basic Policy

With the Three Corporate Principles for a corporate philosophy, MC strives to continuously increase corporate value through corporate activities rooted in the principles of fairness and integrity. MC believes that by helping to enrich society, both materially and spiritually, it will also meet the expectations of all MC's stakeholders. In order to achieve these goals, MC recognizes strengthening corporate governance on an ongoing basis as a fundamental management policy since it is the foundation for ensuring sound, transparent, and efficient management.

Since the 2000's, MC has been promoting corporate governance reforms under this basic policy. To realize management and business execution that promotes growth while anticipating changes and transforming and

strengthening businesses, MC continuously strives to increase corporate value while ensuring sufficient deliberation and effective oversight by the Board of Directors. In June 2024, we transitioned to a Company with an Audit & Supervisory Committee. This transition has been expediting decision-making through the delegation of authority, and also enhancing and improving the monitoring function of the Board of Directors by enriching deliberations centered on management policies and strategies at the meetings of the Board of Directors, which continue enhancing our ability to respond to accelerating changes in the external environment surrounding MC's businesses, thereby increasing corporate value.

### Initiatives to Enhance the Effectiveness of the Board of Directors

As Chairman of the Board and a bridge between Independent Directors and the executives, I will continue to strive to maintain and develop corporate governance which is the foundation of management, and to ensure MC's sound and sustainable growth and continuous increase of corporate value, by enhancing deliberations and ensuring that the Board of Directors fulfills its roles and responsibilities.

**Takehiko Kakiuchi**  
Chairman of the Board

With the aim of improving the effectiveness of its Board of Directors, aside from deliberations of the Board of Directors and its advisory bodies, MC creates additional opportunities for the provision of information to and exchange of opinions with Independent Directors. This approach, coupled with the high level of commitment of our Independent Directors, leads to substantive deliberations by the Board of Directors.

#### The Board of Directors

Once a month in principle <sup>\*1</sup>

The Board of Directors shall fulfill the roles and responsibilities listed below to realize transparent, fair, timely, and decisive decision-making and highly effective oversight of management.

- To provide a broad management direction in line with MC's business reality, taking into consideration the external environment surrounding MC's businesses, trends, and global perspectives, etc.
- To oversee the development and operation of the business management and risk management systems the executives have established to support appropriate risk-taking.
- To provide highly effective oversight of the executives by evaluating them from an independent and objective standpoint in light of the basic management policies formulated by the executives and approved by the Board of Directors, and by encouraging them to take necessary corrective actions.

### Evaluation of the Effectiveness of the Board of Directors

Since 2015, MC has evaluated the effectiveness of the Board of Directors every year. In the fiscal year ended March 31, 2024, an independent third-party expert, Board Advisors Japan, Inc., conducted an evaluation with the aim of further enhancing the effectiveness of the Board of Directors, in anticipation of the transition into a Company with an Audit & Supervisory Committee. Their evaluation confirmed that the Board of Directors maintains an extremely high level of effectiveness.

#### FY2024 Evaluation Approach and Process

In the fiscal year ended March 31, 2025, following the transition to the new governance system, the effectiveness of the Board of Directors was evaluated through a self-evaluation process led by Independent Directors that utilized, as its basis, the results of the third-party evaluation in the fiscal year ended March 31, 2024. The evaluation method, process, and a summary of the evaluation results for the current fiscal year will also be reviewed by Board Advisors Japan, Inc.

**STEP 1** The Corporate Governance and Nomination Committee discussed the evaluation's implementation methods and processes.

**STEP 2** Independent Directors, Shunichi Miyanaga, and Takeshi Nakao, led the evaluation, formulating survey questions, surveying all Directors and analyzing and evaluating the responses, in addition to having independent members lead the evaluation process the Business Group CEOs were also surveyed to secure opinions from outside the Board of Directors with the objective of ensuring multifaceted analysis, objectivity and independence.

#### ■ Evaluation Criteria

- ✓ Review of FY2024  
(Monitoring progress of major items of Midterm Corporate Strategy 2024 (MCS 2024); Roles and functions of the Directors; Agenda items of the Board of Directors; Operations and practical tasks of the Board of Directors, advisory bodies for the Board of Directors, meetings of Independent Directors, and dialogues with executive officers, etc.)
- ✓ Formulation of Corporate Strategy 2027 (CS 2027) and notes for future monitoring
- ✓ Mid- and Long-term considerations  
(Sizes and Composition of the Board of Directors and advisory bodies for the Board of Directors, etc.)

#### ■ Messages by the compiling Independent Director

Shunichi Miyanaga  
Independent Director

The extensive discussions in the process of considering the transition to a Company with an Audit & Supervisory Committee brought greater clarity to all the Directors in terms of governance and monitoring. Based on the mutual understanding created and expanded through those discussions, it can be concluded that, following the transition, the degree of multifaceted monitoring and deliberation has increased at the Board of Director's meetings.

Takeshi Nakao  
Independent Director,  
Audit & Supervisory  
Committee Member

Through discussions during the process of considering the transition to a Company with an Audit & Supervisory Committee, along with the transparent sharing of information from the executives, I believe the Independent Directors have deepened their understanding of MC's businesses and that the Board of Directors is becoming more proactive in its discussions as a unified body.

**STEP 3** The results were analyzed and evaluated in the meetings of Independent Directors as well as the Corporate Governance and Nomination Committee, then deliberated by the Board of Directors.

#### FY 2024 Evaluation of the Effectiveness of the Board of Directors-Overall Summary

- In the fiscal year ended March 31, 2024, **the Board of Directors was confirmed to have an extremely high level of effectiveness**, underpinned by MC's characteristics and strengths. These strengths were confirmed to have been further enhanced through the transition to a Company with an Audit & Supervisory Committee and reforms to the corporate governance system.
- Through opportunities such as discussions regarding the transition to a Company with an Audit & Supervisory Committee, the Board of Directors has carefully considered how the Board of Directors should optimally be structured and how the Board of Directors should monitor the executions, and it was confirmed that the foundation for further improvement of corporate governance has been enhanced under the initiative of the Board of Directors.

#### Four Strengths Underpinning MC's Board Effectiveness

- 1 Strong will and efforts of Chairman of the Board and the executives to strengthen its corporate governance
- 2 Mutual trust fostered and maintained through close communication between the Board Members who are in oversight roles and the executives
- 3 High level of commitment to MC by Independent Directors and Independent Audit & Supervisory Board Members (They spend a long time for MC with strong responsibilities)
- 4 Thorough efforts, support system, and PDCA management by the Board of Directors' Office.

#### Factors Underpinning the Four Strengths

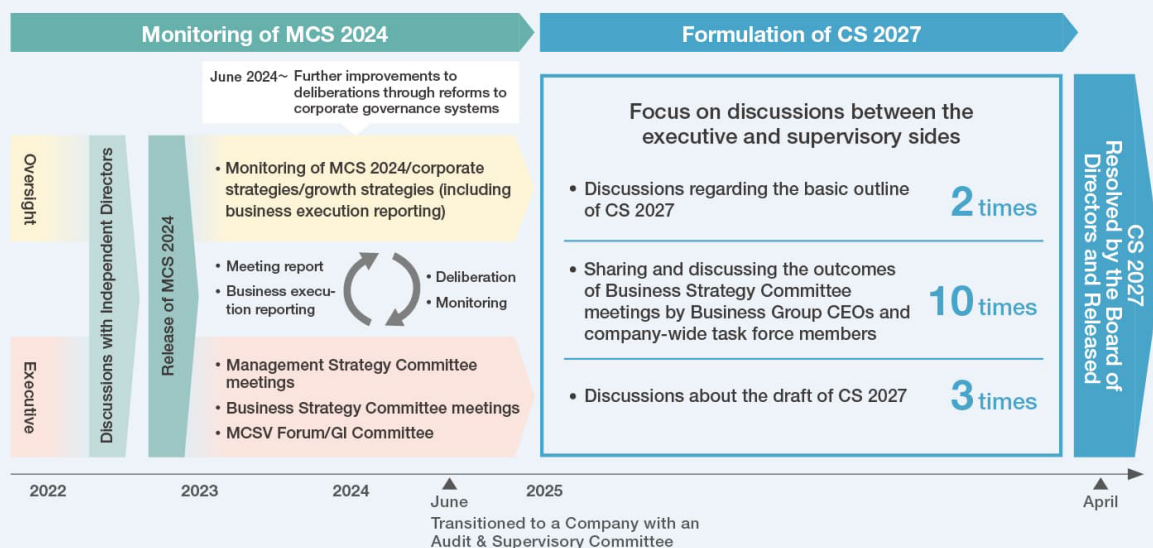

- A board culture that sincerely pursues the best way of being for the Company while taking the external environment into account
- "People-related elements" such as mutual trust between the Board Members who are in oversight roles and the executives and among Directors, and their commitment

## Formulation of Corporate Strategy 2027

- Midterm Corporate Strategy 2024 (MCS 2024) was enhanced through the combined efforts of In-house and Independent Directors from strategy formulation to monitoring, which ultimately led to enhanced monitoring. With the transition to a Company with an Audit & Supervisory Committee in June 2024, deliberations by the Board of Directors on management strategies and policies have been further enhanced.
- Corporate Strategy 2027 (CS 2027) also emerged after more extensive sharing with Independent Directors of the results of discussions at the Business Strategy Committee of each business group, as well as the exchange of opinions between the supervisors and the executives from the strategy formulation stage. This sharing and exchange is vital in formulating the management strategy of MC, which boasts diverse industrial aspects and business models.

## Overview of the Revision to the Executive Officers' Remuneration

In the fiscal year ended March 31, 2025, under the newly formulated "Corporate Strategy 2027 (CS 2027)," we have decided to revise the remuneration system for Executive officers including Directors who also serve as Executive Officers with the primary purpose of further aligning their values with those of shareholders and further strengthening our efforts to achieve sustainable growth and increase our corporate value over the medium to long term.

The Compensation Committee, chaired by Independent Director, conducted a series of deliberations on this revision from the perspectives of whether it was consistent with the new management strategy, CS 2027, easy for the executive officers to understand, and whether it would increase motivation.

Composition  
Committee

**Sakie Akiyama**  
Independent  
Director

We believe that the Compensation Committee has engaged in even deeper and more engaged discussions together with of the transition to a smaller committee following the transition to a Company with an Audit & Supervisory Committee. Prior to the Committee's deliberations, the committee held numerous discussions with the Executives to reach a consensus regarding the goals to be achieved through this revision. The committee then deliberated from various perspectives on how best to design a system to realize these goals.

## **Stance on Acquisition, Holding and Reduction in Listed Stocks / Reduction in Holdings of Listed Stocks**

### **[Stance on acquisition, holding and reduction in listed stocks]**

MC may acquire and hold shares acquired for other than pure investment as a means of creating business opportunities and building, maintaining and strengthening business and partner relationships. When acquiring these shares, MC confirms the necessity of its acquisition based on the significance and economic rationale of the purchase in accordance with internal company rules. Also, MC periodically reviews the rationality of continuing to hold the shares and promotes reducing holdings of stocks with decreased significance.

### **[Verification policy for holding individual shares]**

The Board of Directors verifies all of the listed shares (excluding pure investment) held by MC from the perspectives of both economic rationale and qualitative significance of holding them every year.

The economic rationale is confirmed based on whether or not the related earnings from each stock, such as dividends and related business profits on transactions, exceed MC's target capital cost for the market price of each individual share.

The qualitative significance is confirmed based on the achievement or status of progress of the expected purpose for holding the stock, etc.

### **[Reduction in holdings of listed stocks]**

Based on the results of the verification process described above, in the fiscal year ended March 2025, shareholdings were reduced by approximately 10% compared to the previous fiscal year-end, as a result of selling shares of approximately ¥60 billion (with a market value, including deemed shareholdings).

### ● Key Themes for the MC Group

Reflecting on the period of the past three years from when MC launched Midterm Corporate Strategy 2024 (MCS 2024) on May 2022, MC recognizes the need to 1) increase the value of all business investments to grow profitability, 2) execute joint projects to create potential synergistic effects between business segments (MCSV), 3) implement a proactive capital allocation strategy leveraging our robust financial position, and 4) continuously improve capital efficiency.

In addition, amidst unprecedented geopolitical and economic risks, MC recognizes that the business environment has become increasingly uncertain on multiple fronts.

MC has formulated Corporate Strategy 2027 to further strengthen the earnings base of our existing businesses and create new projects, while flexibly shifting our strategic direction based on the risks and opportunities arising from external changes.

### Corporate Strategy 2027 -Leveraging Our Integrated Strength for the Future- Corporate Strategy

#### Vision

Optimize our business portfolio to achieve sustainable growth and increase our corporate value by leveraging our integrated strength in response to a rapidly changing business environment.

“Integrated Strength”: our ability to dynamically shift business strategies in anticipation of market changes by combining our extensive operational experience, broad industry expertise and deep insights, powered by our top-tier and diverse talent base, as a trusted partner.

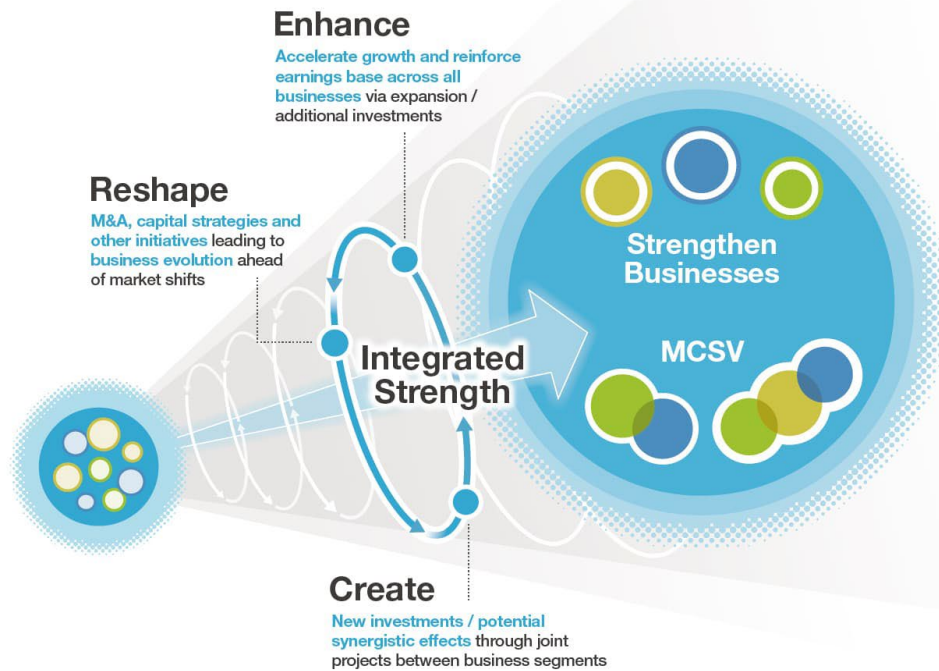

For more information on our Corporate Strategy 2027, please visit [Corporate Strategy 2027](#)

(Translation)

### Value Creation Framework to Deliver Corporate Strategy 2027

To achieve sustainable high growth and efficiency, MC will upgrade our Value-Added Cyclical Growth Model using our integrated strength as the engine for value creation.

### Capital Allocation Strategy

Over the three years of this management strategy, MC will allocate approximately more than ¥1 trillion to sustaining capex and more than ¥3 trillion to growth investments. In a potential excess cash scenario, MC will evaluate the allocation of those funds to investments or additional shareholder returns in consideration of our investment pipeline and other factors.

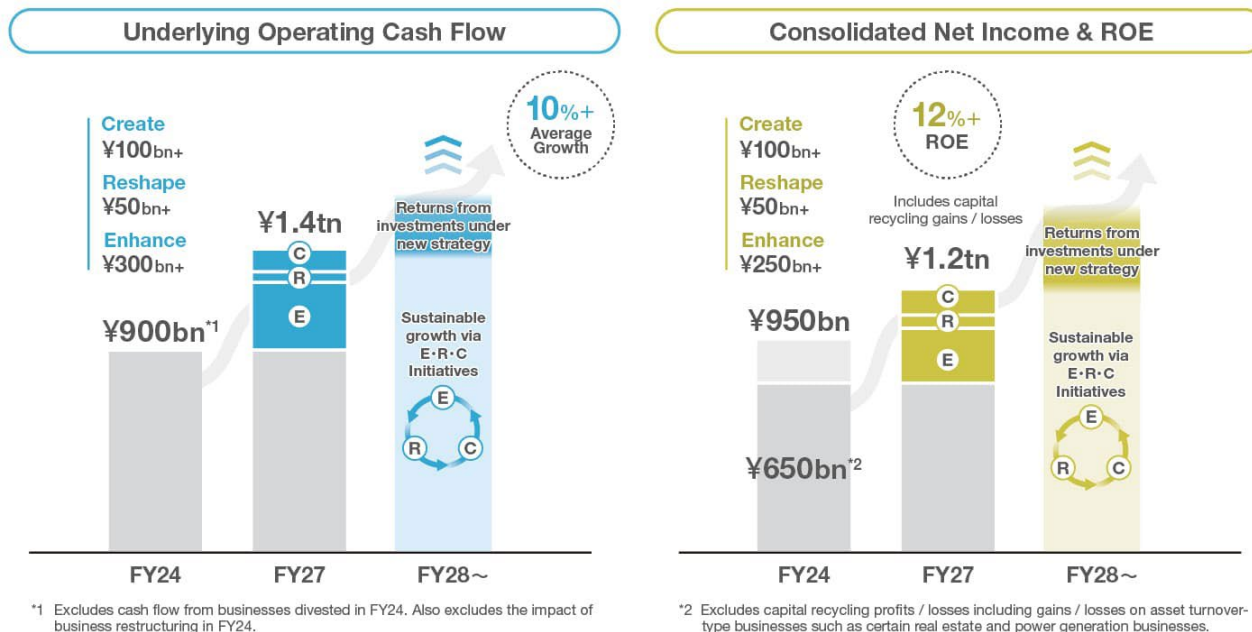

(Translation)

## Quantitative Targets Outlook

### Quantitative Targets

MC has set two key quantitative targets to focus on growth and efficiency respectively:

- Underlying Operating Cash Flow: Average growth rate of 10% or greater.
- Return On Equity (ROE): 12% or more by FY2027.

### Financial Soundness

MC has set an upper limit of approximately 0.6 for our net debt-to-equity ratio and will consider the use of leverage to facilitate certain investments, while maintaining our financial soundness.

### Shareholder Returns

MC will maintain our basic policy of progressive dividends and flexible share buybacks.

## ● Efforts toward Achieving Sustainable Growth

Based on the Three Corporate Principles, which serve as MC's core philosophy, MC has continued to grow together with society by contributing to the sustainable development of society through its business activities while pursuing value creation. Stakeholder expectations have grown even higher in recent years for companies to address climate change and a variety of other societal issues. MC addressed our "Materiality" as a set of crucial societal issues that MC will prioritize through its business activities, towards the strategy's goal of continuous creation of the shared value. Guided by this Materiality, MC will continue to strengthen its efforts toward sustainable corporate growth.

### MC's Materiality

	Issues	Overview
Realizing a Carbon Neutral Society and Striving to Enrich Society Both Materially and Spiritually	 Contributing to Decarbonized Societies	Contribute to the realization of decarbonized societies by striving to reduce greenhouse gas (GHG) emissions, while providing products and services that support decarbonization during the transition period.
	 Conserving and Effectively Utilizing Natural Capital	Recognizing the Earth itself to be our most important stakeholder, strive to maintain biodiversity and conserve natural capital, and work to create circular economies while reducing our environmental footprint.
	 Promoting Stable, Sustainable Societies and Lifestyles	Promote sustainable societies and lifestyles of the future through businesses in a diverse range of countries and industries, while fulfilling our responsibility to provide a stable supply of resources, raw materials, products, services, etc., in line with the needs of countries and customers.
	 Utilizing Innovation to Address Societal Needs	Create businesses that help to address societal needs while working to spur major industry reforms that are supported by business innovation.
	 Addressing Regional Issues and Growing Together with Local Communities	Strive to contribute to the development of economies and societies by addressing issues facing countries and regions, while seeking to grow together and collaborate with diverse stakeholders, regions and communities.
	 Respecting Human Rights in Our Business Operations	Respect the human rights of all stakeholders involved in promoting our diverse operations worldwide, and pursue solutions for value chain-related issues, while considering the local conditions in each country.
Striving to Serve as a Platform for Generating Triple-Value Growth*	 Fostering Vibrant Workplaces That Maximize the Potential of a Diverse Workforce	Recognizing that our human resources are the great assets of our businesses, foster a diverse and versatile talent pool that drives efforts to generate triple-value growth throughout our organization, and also seek to develop an organization where diverse human resources share common values and grow together while furthering their connections and inspiring one another to excel.
	 Realizing a Highly Transparent and Flexible Organization	While swiftly responding to changes in the business environment, strive to realize effective governance on a global, consolidated basis and maintain/strengthen a sound organization that is transparent and flexible.

\*triple-value: "economic value", "societal value", and "environmental value"

### **Contributing to Decarbonized Societies—Responding to Climate Change**

MC believes that while climate change poses significant business risks, it also presents MC with new business opportunities for innovation and the realization of new businesses. Accordingly, MC has set “Contributing to Decarbonized Societies” as one of our Materiality as well as one of the key management issues to be addressed and challenged in our pursuit of sustainable growth. While fulfilling its mandate to meet the demand for energy, MC will seek to achieve carbon neutrality by contributing to decarbonized societies in collaboration with MC Group companies and in partnership with a broad range of stakeholders, including governments, companies, and industry associations. In MC’s “Roadmap to a Carbon Neutral Society”, the goal of halving greenhouse gas (GHG) emissions by FY2030 was established, and the actual results for FY2023 are shown in page 41. MC will continue to confirm our short- and medium-term GHG reduction plans when establishing investment plans each fiscal year.

### **Conserving and Effectively Utilizing Natural Capital—Biodiversity Initiatives**

MC recognizes the critical importance of natural capital, including biodiversity, and committed to maintaining, protecting, and restoring it. MC has set “Conserving and Effectively Utilizing Natural Capital” as one of our Materiality. Since FY2022, based on these principles and materiality analysis, MC analyzes its nature-related dependencies and impacts using the TNFD\* framework. Natural capital issues are also taken into account when reviewing investment and loan proposals. MC strives to minimize negative impacts on natural capital from its business activities.

(\*) Taskforce on Nature-related Financial Disclosures (TNFD) set up by the United Nations Development Programme (UNDP) and other organizations. The TNFD takes a lead in formulation of frameworks for companies’ disclosure to investors and markets about nature-related risks and opportunities.

### **Respecting Human Rights in Our Business Operations / Promoting Stable, Sustainable Societies and Lifestyles—Human Rights and Supply Chain Management**

MC has set “Promoting Stable, Sustainable Societies and Lifestyles” and “Respecting Human Rights in Our Business Operations” as Materiality. In FY2023, we established a Human Rights Policy to reorganize and clarify our approach to respecting human rights and promoting our efforts in this regard.

Under our Human Rights Policy, we conduct human rights due diligence within our supply chain and in our business activities. In our supply chain, we have established the MC Policy for Sustainable Supply Chain Management and annually conduct our Sustainable Supply Chain Survey. In our business activities, to carry out appropriate screening based on the risk and nature of our investment projects, we established guidelines for environmental and social due diligence when screening loan and investment projects. In addition, MC Group has established and manages a consultation desk, which serves as a point of contact for external stakeholders to consult on cases where the MC Group’s business activities are causing, or could potentially cause, a negative impact on human rights and/or the environment.

(Figures less than one million yen are rounded down)

\*1 It includes Directors at a Company with an Audit & Supervisory Board and Directors at a Company with an Audit & Supervisory Committee (excluding Directors who are Audit & Supervisory Committee Members).

#### (Notes)

- The above figures include 1 Director who retired during the fiscal year ended March 31, 2025. Furthermore, there were 10 Directors (including 4 Outside Directors and excluding Directors who are Audit & Supervisory Committee Members) and 5 Directors who are Audit & Supervisory Committee Members (including 3 Outside Audit & Supervisory Committee Members) as of March 31, 2025.
- Please refer to the following pages for the details of each remuneration item mentioned above including basic approach to and limit on each remuneration item mentioned above.
- The above figures of Individual Performance-linked Remuneration represent the amounts recorded as provisions granted for the fiscal year ended March 31, 2025.
- The above figures for Performance-linked Bonus (Short term) are determined based on profit for the year of 950.7 billion yen for the fiscal year ended March 31, 2025, based on a formula confirmed in advance by the Compensation Committee and resolved by the Board of Directors.
- The above amounts for Performance-linked Bonus (medium to long term) are paid on an average of the profit for the year over the fiscal years ended March 31, 2025 to 2027, but as this cannot be decided currently, the amount shown is provisions for such bonuses as of the fiscal year ended March 31, 2025. The actual amount paid for the fiscal year ended March 31, 2025 will be based on a formula confirmed in advance by the Compensation Committee and resolved by the Board of Directors, and the amount for the fiscal year ended March 31, 2025 will be disclosed in the Fiscal 2026 Business Report. The actual amount paid for the fiscal year ended March 31, 2023 was based on a formula confirmed in advance by the Governance, Nomination and Compensation Committee (prior to the transition to a Company with an Audit & Supervisory Committee on June 21, 2024) and resolved by the Board of Directors. The amount was paid on the average of 1.0318 trillion yen in profit for the year over the fiscal years ended March 31, 2023 to 2025, totaling 385 million yen for 5 Directors in the fiscal year ended March 31, 2023.  
The actual amount paid for the fiscal year ended March 31, 2024 will be paid on an average of the profit for the year over the fiscal years ended March 31, 2024 to 2026, but as this cannot be decided currently, a total of 287 million yen for 4 Directors in the fiscal year ended March 31, 2024 was recorded as provisions in the fiscal year ended March 31, 2025 but was not included in the table. The actual amount paid for the fiscal year ended March 31, 2024 will be disclosed in the Fiscal Year 2025 Business Report.
- The above figures for stock-based remuneration linked to medium- to long-term share performance (stock-linked compensation plan with market conditions) are the amount recorded as an expense granted for the fiscal year ended March 31, 2025. In regard to stock-based remuneration linked to medium- to long-term share performance, the number of exercisable shares will be determined according to the growth rate in MC's shares over three years from being granted, based on a formula confirmed in advance by the Compensation Committee and resolved by the Board of Directors.
- In addition to the above, MC paid executive pensions to retired Directors and Audit & Supervisory Board Members. The amounts paid in the fiscal year ended March 31, 2025 were as follows. The retirement bonus system, including executive pensions for Directors and Audit & Supervisory Board Members, was abolished at the close of the 2007 Ordinary General Meeting of Shareholders (held on June 26, 2007).  
MC paid 58 million yen to 37 Directors (Outside Directors were ineligible for payment).

(Translation)

MC paid 3 million yen to 4 Audit & Supervisory Board Members (Outside Audit & Supervisory Board Members were ineligible for payment).

#### ■ Basic Approach

Remuneration levels	<ul style="list-style-type: none"><li>• Remuneration levels are set based on the functions and roles of Directors and the Company's level of performance and others.</li><li>• Remuneration levels are globally competitive and based on performance targets to motivate career growth in human resources who will be responsible for the next generation of management and to further raise organizational vitality.</li></ul>
Remuneration composition	<ul style="list-style-type: none"><li>• Remuneration for Executive Directors (excluding Directors who are Audit &amp; Supervisory Committee Members) is designed for greater focus on increasing medium- and long-term corporate value by more closely linking remuneration to medium- to long-term corporate value and fiscal year earnings, as well as the creation of stock remuneration with stronger ties to shareholder value, in addition to cash compensation. From this perspective, profit (single year and medium to long term), sustainability factors (medium to long term), the share price and share growth rates (medium to long term) are adopted as key performance indicators.</li><li>• To ensure the independence of Chairman of the Board and Independent Directors (excluding Directors who are Audit &amp; Supervisory Committee Members), who undertake functions of management oversight, and Directors who are Audit &amp; Supervisory Committee Members, the Company only pays them fixed monthly remuneration.</li></ul>
Governance of remuneration	<ul style="list-style-type: none"><li>• The Compensation Committee, which is chaired by an Independent Director and the majority of which are Independent Directors, continuously deliberates and monitors methods for deciding remuneration packages, the fairness of remuneration levels and compositions (including components of remuneration subject to clawback policy), and the status of implementation.</li></ul>

## Reflection of Sustainability Factor Evaluations: Process Flow

## Remuneration Payment Mix (Conceptual Image)

The above diagram shows a remuneration mix calculated based on certain values for consolidated earnings and the share price for illustrative purposes only. The actual mix will vary depending on changes in the Company's consolidated performance, stock market conditions and other factors.

## ■ Calculation Method for Performance-Linked Remuneration (Fiscal Year Ended March 2025)

### 1. Performance-linked bonus (short term)

#### (1) Upper limit on total payment

The upper limit is the lower of i) ¥648 million or ii) the maximum total of individual payment amounts prescribed in (2) below

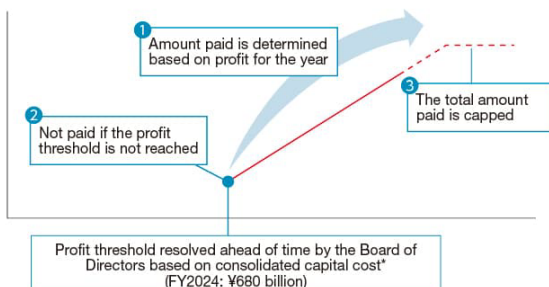

#### (2) Individual payments

President and CEO	$(\text{FY2024 profit} - ¥520 \text{ billion}) \times 0.025\% + 0.35 \text{ (¥100 million)}$
Senior Executive Vice President	$(\text{FY2024 profit} - ¥520 \text{ billion}) \times 0.01\% + 0.14 \text{ (¥100 million)}$
Executive Vice President	$(\text{FY2024 profit} - ¥520 \text{ billion}) \times 0.0075\% + 0.105 \text{ (¥100 million)}$

\* If below the profit threshold resolved ahead of time by the Board of Directors based on consolidated capital cost, the payment amount is zero. For FY2024, the threshold was ¥680 billion.

### ■ Maximum Payment and Total for Each Position

Position	Maximum payment amount	Number of persons	Total
President and CEO	¥175 million	1	¥175 million
Senior Executive Vice President	¥70 million	1	¥70 million
Executive Vice President	¥52.5 million	3	¥157 million
Total		5	¥402 million

\*The profit threshold is revised annually.

### 2. Performance-linked bonus (medium to long term)

#### (1) Upper limit on total payment

The upper limit is the lower of i) ¥648 million or ii) the maximum total of individual payment amounts prescribed in (2) below

#### (2) Individual payments

President and CEO	$(\text{Average profit for the three fiscal years (FY2024, FY2025 and FY2026)} - ¥520 \text{ billion}) \times 0.025\% + 0.35 \text{ (¥100 million)}$
Senior Executive Vice President	$(\text{Average profit for the three fiscal years (FY2024, FY2025 and FY2026)} - ¥520 \text{ billion}) \times 0.01\% + 0.14 \text{ (¥100 million)}$
Executive Vice President	$(\text{Average profit for the three fiscal years (FY2024, FY2025 and FY2026)} - ¥520 \text{ billion}) \times 0.0075\% + 0.105 \text{ (¥100 million)}$

\* If below the average profit threshold for FY2024–FY2026, the payment amount is zero.

[Reflection of Sustainability Factor Evaluations]  
[Payment amount prescribed in (2) above] × [Results of evaluations of initiatives related to the sustainability factors (80~120%)] (\*)

(\*)Evaluations are carried out by the Compensation Committee, which comprehensively examines initiatives over the relevant three fiscal years in both quantitative and qualitative terms.

### ■ Maximum Payment and Total for Each Position

Position	Maximum payment amount	Number of persons	Total
President and CEO	¥210 million	1	¥210 million
Senior Executive Vice President	¥84 million	1	¥84 million
Executive Vice President	¥63 million	3	¥189 million
Total		5	¥483 million

## 3. Stock-based remuneration linked to medium- to long-term share performance

#### (1) Upper limit on total payment

The upper limit is ¥600 million. However, the upper limit on total number of shares per year is 1,200,000 shares annually (4,000 stock options).

#### (2) Conditions for exercise of stock options

Some or all stock options may be exercised depending on the stock growth rate.

### ■ Number of stock options that can be exercised by each position

Number of stock options initially allocated for each position (based on positions as of April 1, 2024) × vesting ratio

### ■ Stock options initially allocated by position

President and CEO	65,700 shares (219 options)
Senior Executive Vice President	28,500 shares (95 options)
Executive Vice President	20,400 shares (68 options)

(Note) Varying within the range of 40% to 100% with the maximum number stated above.

## ■ Governance of Remuneration (Fiscal Year Ended March 2025)

The Compensation Committee, which is chaired by an Independent Director and the majority of which are Independent Directors, deliberates and the Board of Directors decides the policy for setting Directors' and Executive Officers' remuneration and the remuneration amount (actual payment amount).

The total remuneration amount (actual payment amount) and individual payment amounts for Directors, excluding individual performance-linked remuneration, are determined by a resolution of the Board of Directors within the upper limits for each type of remuneration decided by resolution of the Ordinary General Meeting of Shareholders held on June 21, 2024. Base salary and annual deferral for retirement remuneration, forms of fixed remuneration, are paid in amounts determined by the Board of Directors. As for variable remuneration, payments of performance-linked bonuses (short term), performance-linked bonuses (medium to long term) and stock-based remuneration linked to medium- to long-term share performance are determined, while reflecting key performance indicators, based on a formula set by the Board of Directors following deliberation by the Compensation Committee. MC has adopted a malus and clawback policy,\* applicable to the individual performance-linked remuneration, performance-linked bonuses (short term) and performance-linked bonuses (medium to long term) of Executive Directors.

The payment amounts of individual performance-linked remuneration paid to Directors based on their individual performance assessment, including qualitative assessment, are determined and paid on an individual basis, reflecting the President's yearly assessment of performance in both financial and non-financial terms of each Director for the relevant fiscal year (it is appropriate that yearly assessment is conducted by the President who is the Chief Executive Officer of the Company and therefore the Board of Directors delegates authority to the President for deciding the individual payment amounts). Performance evaluations of Executive Directors comprehensively take into account their contributions to the organizations and businesses they oversee; their contributions to management of the entire Company, Corporate Staff Section, Business Groups and offices; and the initiatives related to value creation that leads to sustainability.

The annual assessment on the President's performance is decided by the Compensation Committee (all Independent Directors (including Directors who are Audit & Supervisory Committee Members) also participate in deliberations and decisions.), which is delegated this authority by the Board of Directors.

Results of the performance assessment are reported to the Board of Directors and the Compensation Committee to ensure objectivity, fairness and transparency.

Based on the policy for determining remuneration packages (including methods for calculating performance-linked bonuses) that was approved at the extraordinary meeting of the Board of Directors held on June 21, 2024, each year, the Compensation Committee deliberates and the Board of Directors makes a resolution determining that the total amount of director remuneration packages and methods for deciding payments to individual directors are consistent with said policy for determining remuneration packages.

Each year, the Compensation Committee deliberates and monitors the appropriateness of remuneration levels and composition (including components of remuneration subject to malus and clawback policy) as well as the operational status of remuneration systems. This is done with reference to data on remuneration levels and composition ratios provided by an external consulting firm (Willis Towers Watson).

Total and individual amounts of remuneration paid to the Directors who are Audit & Supervisory Committee Members are determined following deliberations by the Directors who are Audit & Supervisory Committee Members within the scope of remuneration for the Directors who are Audit & Supervisory Committee Members approved at the Ordinary General Meeting of Shareholders held on June 21, 2024.

\* In the event that an executive officer causes any loss or damage to the company from willful misconduct or negligence, a serious violation of a delegation agreement, or a serious accounting error/ex-post revision of a financial report due to misconduct resolved by the Board of Directors, non-payment or reduction of the amount/reclaiming of the paid amount is possible by resolution of the Board of Directors.

● **Policy on the Determination of Distribution of Surplus, etc.**

MC views the return of profits to shareholders as one of the important management issues. In order to flexibly conduct the return of profits to shareholders, Article 31 of MC's Article of Incorporation enables decisions to be made by a resolution of the Board of Directors on the matters set forth in each item of Article 459, Paragraph 1 of the Companies Act including matters concerning dividends based on surplus and acquisition of treasury shares, etc. Our basic policy on distribution of surplus, etc. is to maintain progressive dividends and flexible share buybacks, while maintaining internal reserves that will enable future business development and maintenance of financial soundness.

### Corporate Philanthropy Activities

In keeping with the belief that MC's sustainable growth cannot be achieved without realizing a sustainable society, MC addresses societal challenges through both business and philanthropy activities under Materiality.

MC focuses on philanthropic activities that are in line with three overarching themes: "Realizing an Inclusive Society," "Empowering the Next Generation" and "Conserving the Environment." In addition, MC also provides support both domestically and overseas, for regions affected by natural disasters. MC's philanthropic activities are conducted with a focus on employee participation and continuity.

#### 1. Realizing an Inclusive Society

MC aims to help realize a society where everyone can play an active role. MC is continuing its activities to contribute toward a world where everyone can play an active role, respect each other and coexist regardless of background, physical condition or way of life.

In the fiscal year ended March 31, 2025, MC implemented the "Friendship Camp for Parents and Children," aimed at single-parent households; the "DREAM AS ONE." parasports support project; and efforts to support to address child poverty within Japan.

#### 2. Empowering the Next Generation

MC will actively support education, research and capacity development in order to contribute to the growth and self-reliance of the next generation who will be responsible for tomorrow's society.

In the fiscal year ended March 31, 2025, MC provided scholarships for high school students in Japan who are studying abroad and Ph.D. students in Japan studying in scientific fields.

#### 3. Conserving the Environment

MC is committed to environmental conservation efforts in order to pass on our irreplaceable Earth to future generations and to realize a prosperous society where people live in harmony with nature.

In the fiscal year ended March 31, 2025, MC engaged in environmental conservation activities with a wide range of stakeholders, including local communities, universities, and NGOs in Japan and overseas, through a grazing land restoration project in South Africa, which aims to support local communities while addressing climate change, and forest conservation activities in Aki City, Kochi Prefecture, which aims to preserve natural capital.

#### 4. Support for Natural Disasters

MC provides emergency support in Japan and overseas in the event of natural disasters and engages in recovery efforts in the affected areas. In our reconstruction assistance activities for the Great East Japan Earthquake, we have provided scholarships, support for businesses, and other assistance tailored to the needs of the affected areas. Since 2015, we have also been promoting the "Fukushima Winery Project" to support the fruit farming industry in Koriyama City, Fukushima Prefecture, through an innovative, vertically integrated business model. However, ownership of the business was transferred to IS Holdings, Inc., a local company, in April 2025. With 10 years having passed since its inception, the business has grown beautifully and borne fruit that has met every goal of its ambitious business model.
